Trea Emerging Markets Credit Opportunities C

Factsheet | October 2026

TR3A Asset Management

Signatory of: PRI Principles for Responsible Investment

Investment Objective

Trea Emerging Markets Credit Opportunities investment objective is to generate alpha by investing in emerging debt assets through high conviction ideas. This includes corporate credit, sovereign and sub-sovereign debt in major hard currencies (EUR and USD). This fund has an active risk management, hedging and duration strategy with the objective of reducing volatility.

This vehicle is designed for investors who can assume high volatility and long-term investment with the objective of taking advantage of the returns offered by the asset class.
